

Fundación CITA-alzhéimer Fundazioa  
Centre for Research and Advanced Therapies for  
Alzheimer's disease

**DECLARATION OF COMMITMENT TO THE PRINCIPLES OF THE "EUROPEAN CHARTER FOR RESEARCHERS" AND "CODE OF CONDUCT FOR THE RECRUITMENT OF RESEARCHERS"**

Fundación CITA-alzhéimer Fundazioa, Centre for Research and Advanced Therapies for Alzheimer's disease, welcomes and supports the Recommendation of the European Commission 2005/251/ED on both "The European Charter for Researchers" and "The Code of Conduct for Recruitment of Researchers".

Facing Alzheimer's disease requires a global, international and multidisciplinary approach. Fundación CITA-alzhéimer Fundazioa has based its Research activity on two directive ideas: to concentrate on the earliest stages of the disease process and the commitment of translating research results into actions made readily available to all citizens.

In accordance with its internal policies and within its legal boundaries, Fundación CITA-alzhéimer Fundazioa hereby having endorsed the 40 principles of Charter and Code, commits to get involved into the process of implementing a Human Resources Strategy for Researchers (HRS4R) in our institution.
